A WARM WELCOME TO THE
29TH INTERNATIONAL EXPO FOR MATERIALS TESTING

- Experience materials and component testing up close with more than 200 exhibits
- Learn about trends in quality assurance and R&D in over 50 presentations
- Network with 2,000 visitors and experts in a comfortable atmosphere
- Explore the latest applications presented over an exhibition area of 3,000 m²

EXPO HIGHLIGHTS

For 29 years, testXpo has been synonymous with innovations from the world of component and materials testing. Discover our latest developments in seven industry centers—all designed to meet your needs.

Our intuitive testing software, testXpert III, will take you by the hand and guide you through the world of materials testing. Talk with ZwickRoell experts about how intelligent testing ensures reliable test results and about the new data management options we can provide.

Participation in the event, including all expert presentations and lunch, is free of charge. Register now at www.testXpo.com.
