

**Michael Grandits**  
EMCO-TEST Prüfmaschinen GmbH

Career:

After visiting a technical school (industrial engineering), Michael Grandits completed a degree at the University of Applied Sciences in Salzburg specializing in telecommunications.

After initial work experience at Sony, he switched to the automotive industry and worked in quality assurance at TRW and Bosch.

Currently:

Since 2012 he has been part of the development team at EMCO-TEST in Salzburg as a product manager with the aim of inspiring international customers with user-friendly and high-quality hardness testers.
